

Peace of mind for you, a great day out for them

WEDNESDAYS & FRIDAYS FROM 10AM-3PM

Our Supported Lifestyle Program offers a warm, community-based experience filled with laughter and connections. It's designed for people living at home with mild dementia or cognitive decline who still want to get out and socialise.

What's included:

- Engaging activities to keep minds and bodies active
- A welcoming community setting, not an institution
- Dementia-trained staff and caring volunteers
- Morning tea, lunch and afternoon tea
- Optional bus transport to and from home

Caring for an ageing parent can be a lot to carry.
Finding the right support should feel reassuring, not
clinical. Contact us to find out how we can support your family.
